

Pumps - Filtration - Packages

Hello,

As you may or may not already know, I am no longer working for the pump sales company where we had previously been associated. That said, I would like to take this opportunity to introduce my new employer to you, Specified Solutions Limited.

With me, at Specified Solutions, you will continue to receive the application and product expertise you are accustomed to. While some of the manufacturer names may not be the same, the dedication to customer support is! Over the years, I have prided myself on making sure the client's sales experience exceeded their expectations with the goal to develop a long term relationship with customers as opposed to taking short cuts simply to make sales.

While it is true Specified Solutions is new, the principles on which we begin are not and we look forward to earning your business.

Call us and let Specified Solutions "specify a solution" for you today!

Sincerely,

Kelly Bruce
